A DAY WITHOUT MISTER YI *SATURDAY, JUNE 8, 2019 // ISSUE 8*

TIC TOC TAKEDOWN TACTICS!

MISTER YI IS ARRESTED!

BREAKING NEWS: Prior to the official kick-off of Raimon Jr. High's match with Anima Sana, Mister Yi, the team's manager, was arrested. Mister Yi has been accused of illegally accessing classified information through the use of an application on his computer. This leaves the entire team in a precarious position before the important match.

Though Mister Yi has managed to temporarily outsmart the local authorities by 'borrowing' one of their mobile devices to assist Raimon during the match, that risky move

may be prove to be short lived in the most critical moments.
Can the accusations be true? How will Mister Yi manage the team at such a key moment?

MEET RAIMON JR. HIGH'S NEXT OPPONENT, ROYAL ACADEMY

Royal Academy will be a strong opponent for Raimon Jr. High. Their strengths have included the **Emperor Penguin No. 2** Special Move, a genius playmaker, and Ray Dark, a man not afraid to use any method to win. But, without Jude Sharp, a true game maker and key component to winning, are they still considered strong? Very little is know of this team currently as their practice matches have been played in secret. Rumor has it that any team lost against them have become disoriented, as if cursed.

The team has added two new players to their roster, Caleb Stonewall and Grotely Bogwash. We can't wait to see how the new team members will contribute.

TACTICAL STRIKES INITIATED, GO!

Football Frontier, A Block, 3rd Game
Raimon Jr. High Vs. Anima Sana Academy: Anima Sana Academy 's team relies heavily on statistical data and technology to help to make the most efficient moves on the field. They regularly plan out their positions in advance. Will this be a factor in today's match against Raimon Jr. High's newly found confidence as a team? Or will Mister Yi's absence become a factor?

Shortly before kick off, the team receives a message from Mister Yi, with instructions to launch the *Takedown Tactic*. Baffled at how Mister Yi has a phone, but unfettered, the team starts early on the offensive. The entire Raimon team is moving towards the opponent's goal. Mister Yi alerts Basile to unleash **Fire Tornado**, but the Anima Sama goal keeper stops it! The Raimon side is wide open. This *Takedown Tactic* doesn't seem to be working.

Seeing the opening, Anima Sana looks prepared as they run the ball collectively toward Raimon's goal. An alert from Mister Yi tells Kiko Calavento 'it's time!' But time for what? What is Kiko to do? His training involved endless wiping of floors. Focusing into his floor cleaning training, Kiko discovers his Special Move, and performs **Twister Trap**, sending the ball to Sonny. While Anima Sana remains stunned, Sonny skillfully manages to get down the field and score the first goal of the match! Score is 1-0.

Anima Sana has the ball again and start their attack. With the stolen phone discovered, and Mister Yi's unable to communicate the Raimon team realizes they have no instructions. Sonny takes lead announcing that need to perform the "**Do or Die**" **Tactic**; *Be prepared to damage yourself to provide a bigger damage for the opponent.* In other words, the Raimon team needs to do whatever it takes, no matter what it takes out of them. The key player in making this a success will be Sandra Fisher. Will her training be enough to help her? Sandra was unable to stop the giant tire. But now, inspired by her mother's words, Sandra begins to search deep, focusing on what she has learned, allowing her spirit and passion to intensify. When faced with **Patriot Shoot** by Anima Sana, she counters and protects the goal with the **Splash Guard,** her own Special Move, making the stop seem easy. Taking advantage of how Anima Sona plans their plays ahead of time, placing the players in position, Sandra passes the ball and the Raimon advances quickly towards the goal. Sonny motivated by the energy, performs **Flash Dash** to keep control of the ball, passing quickly to Basile for a **Fire Tornado** goal in net, leaving Anima Sana stunned. the score is 2-0 in favor or Raimon. Continuing a high-impact, fast-paced match, Raimon scores an additional 2 goals in the second half, ending the match with a score of 4-0!

Though this was a great win by Raimon Jr. High, will their tactics and inconsistent training help them win against their next opponent, Royal Academy?

PLAYER SPOTLIGHT

RAIMON JUNIOR HIGH

Sandra Fischer: Sandra is the only female player on the team. She plays the goal keeper's position and wears #1. She is cheerful and optimistic and has a caring, big-sisterly personality. Her determination and grit to guard her goal inspires her teammates.

When she's not playing, she can generally be found down at the sea catching fish, training to become a fisher just like her mother

Fun Facts: When speaking of Sandra, her teammates often say, "She's a Keeper"!
